SUPERINTENDENT'S REPORT

To the Members of the School Board:

This, my fourth annual report, covers the year ending June 30, 1923.

Organization

Three schools were maintained for thirty-six weeks. In the District Number Two school Mrs. Clara Moody Rollins, formerly teacher at Mt. Sunapee replaced Miss Edna Wilson who entered for further professional study the Teachers Training School in Portsmouth. At the South Helen F. Carter succeeded Laura M. Quinn who accepted positions in Unity and later in Franklin, N. H. Two teachers, each having had several years of valuable experience in the schoolroom, returned to the profession; Mrs. Harriet M. Gove in the Mount Sunapee school and Mrs. Florence H. Symonds who completed the school year in District Number Two.

Enrollment and Attendance

Forty-nine pupils were enrolled in the schools of

Newbury. There were in addition seven pupils from Newbury enrolled in schools in neighboring towns. Of the number enrolled in Newbury schools two were tuition pupils residing in the town of Sunapee.

The total average membership in the three schools of Newbury was more than 16 per cent less than that of last year. The present enrollment would indicate another decrease of over 20 per cent in the coming year.

Health

The following is the report of the regular medical ex-

amination made in November, 1922, by Dr. R. F. Oliver of Bradford.

Number of pupils examined	35
Number of teachers examined	2
Orthopedic defects	1
Defective teeth	33
Hypertrophied tonsils	13
Unvaccinated	14
Unvaccinated without 'proper excuse	11
Other defects	1

The medical report for this year, as for several previous years, indicates that eye and ear conditions among the Newbury pupils are much better than the average among school children. The number of cases of defective teeth continues to increase. Dental defects were found in 77 per cent of the pupils examined last year. This year 94 per cent were found to have defective teeth. The neglect of teeth may account in part for infected tonsils.

Instruction and School Activities

The excellent work commenced last year in penmanship has been extended to more pupils and has been productive of even more proficiency. An exhibit of the improvement in handwriting made by several Newbury pupils was presented at the Teachers' Institute held during the Fall Term at Newbury Station. If a teacher of penmanship could be secured to give such instruction even once a week in each of the schools, it would be a distinct advantage to our school system.

Interest and instruction in humanized geography and consequently in current history have been greatly encouraged and improved by the provisions made by the School Board and teachers for the use of some of the most profitable and up-to-date books of reference. Chief among these are the Compton Encyclopedias recently made available for the use of the pupils in two of the schools.

A simple but effective means of arousing and developing the sense of civic responsibility has been well conducted in the District No. 2 school. The teacher and pupils conduct their own Community Club with its elective officers, constitution and by-laws. Each week

a meeting of the Club is conducted according to parliamentary practice. The Club takes care of the school building and grounds, provides **playground materials**, and assumes the entire expense and preparation of the school lunches. It has merited and gained the most generous support of parents and other citizens. I heartily commend this type of activity.

Conclusion

I wish to express my appreciation of the generous cooperation manifested by the School Board, teachers and citizens in the educational activities of the year. This is particularly due the King's Daughters for their splendid assistance in making the Newbury session of the Teachers' Institute a success.

Respectfully submitted,

GEO. H. HARMON,
Superintendent of Schools
